RE: EPA ID Number for Firestone Store #3460, Des Plaines, Illinois

To whom it may concern,

Bridgestone/Firestone Inc. removed a used oil underground storage tank (UST) at the subject site. The sludge bottoms and UST cleaning residuals are currently stored in 55-gallon drums at the subject site. The hauler requires an EPA ID# in order to transport the 55-gallon drums. Please assign a provisional EPA ID# to this site and send and/or fax the number to the location referenced in the letterhead. Prompt attention in this matter would be greatly appreciated so that the drums can be hauled to an appropriate disposal facility.

Contact me at 330/379-6768 if you have any questions.

Very truly yours,

John R Hujar Project Manager

cc: K A Scheutzow
